

The Court has considered the Motion to Seal, the public's interest in access to the subject materials, and alternatives to sealing. The Court determines that sealing is necessary in this case, and that less restrictive means of handling the information are not sufficient, as a substantial part of the subject filing references the confidential medical information of Plaintiff's counsel. The sealing ordered herein shall be permanent, subject to further Order of the Court.

Accordingly, the Consent Motion to File Document Under Seal (Doc. 55) is **GRANTED**, and document number 54 shall be **SEALED** and remain sealed until further Order of the Court.
